Notes of the Colleges

Special Dispatch to THE NEW YORK HERALD.

New Haven, Sept. 39.—High praise to the athletic and administration authorities of Yale, Harvard and Princeton for the athletic housecleaning which was announced Sunday is given by the Yale Daily News in the first issue of the college term this week. The News says that the efforts of Presidents Angell, Lowell and Hibben sound a new note in the history of athletics.

"As a perusal of the report will show," declares the paper editorially, "the majority of the changes and regulations are aimed at the tendency toward commercialism, which has become more and more apparent in all college sports in general, and in football in particular. To those who cried for an athletic split between the three universities, the increased co-operation through the committee of the three chairmen, is an unanswerable refutation. A new era of peace is unquestionably assured this centente cordials."

Application blanks for tickets to the Army, Princeton and Harvard games may be obtained beginning Monday, but because of the unparaileled demand these applications at present will be limited to undergraduates, faculty and students in the professional schools.

William E. Racicot of Springfield, Mass., has been appointed assistant to Frank H. Cann, supervisor of the gymnasium at the Heights.

New York University letter men will hereafter be given the five inch block letters N Y for their abilities instead of the old varsity monogram. This decision was handed down by the New York University letter committee last June.
